Product description

Metal sculpture - Tyrannosaurus Rex. Hand made of stainless steel, forged with traditional blacksmith techniques, the figure of the most terrible creature that has ever walked the earth. The dinosaur was hand-made with great accuracy and attention to detail by our master of metalwork. Each sculpture made in our studio has a soul because each is made by hand and human movements are unique. That's why each dinosaur we make is slightly different from the previous one.

Dimensions :

Weight : 2 kg - 4,4 lb

Height : 22 cm - 8,66 inch
